personal well-being

**G-PLUS™**  
massager attachment

instructions

EN

natural contours®, known for an innovative approach to function and design, introduces the newest contribution to health & wellness; the G-PLUS™ massager attachment

- Stimulates dual pleasure points
- Compatible with other massagers
- Phthalate free
- Latex free
- Odor free

The G-PLUS™ massager attachment has been created to add variety to the many uses of your IDÉAL™ personal massager (and other massagers). With proper use it can enhance the sensations and levels of pleasure you may achieve with your personal massager.

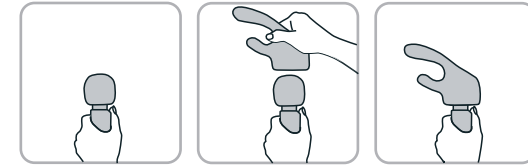

#### use & care

Cleaning instructions:

Wash with soap and warm water. Or toy cleaner. Dry with a wash cloth. G-PLUS™ attachment may be submersed in water.

Made of high quality TPE rubber. Phthalate Free. Latex Free.

Simply place the G-PLUS™ attachment snugly over the ball-head of the massager as shown in the diagram to allow penetration and vibration. The unique patented design is created to directly stimulate both the G spot and the clitoris. A water-based or silicone lubricant may be used with the G-PLUS™ for easier insertion.
